TO WHOM IT MAY CONCERN

I am pleased to recommend Md. Rakibul Islam for a postgraduate program at your esteemed university. As his supervising professor in his final-year capstone course, I have worked closely with Rakibul over the past year, during which time he has proven himself to be one of my most dedicated and capable students.

Rakibul consistently demonstrates outstanding efficiency and comprehensive knowledge in his field. He has shown remarkable initiative by self-studying advanced topics beyond his specialization, which highlights his ambition and adaptability as a researcher. With Computer Science as his primary focus, Rakibul brings both analytical precision and creative problem-solving to his work. His attention to detail and dedication to logical reasoning have enabled him to master complex concepts rapidly, and he is often among the first in class to fully grasp and apply core principles.

Beyond academics, Rakibul is a highly motivated, responsible individual with an impressive level of energy. In addition to managing significant academic responsibilities independently, he actively participates in numerous events and projects, applying his extracurricular skills to support our academic community. I find him to be an intelligent, dependable, and goal-oriented individual. I am confident that he would make a valuable contribution to your program, and I recommend him wholeheartedly.

If you need any further information, please do not hesitate to contact me at the email address below.

Sincerely,

Md Ashraful Islam
Assistant Professor
Department of Computer Science & Engineering
Bangladesh University of Business & Technology (BUBT)
Mirpur-2, Rupnagar, Dhaka-1216
